THE CHARLEROI MAIL

VOL. XVI. NO. 285. CHARLEROI, WASHINGTON CO., PA. WEDNESDAY, MAY 17, 1916. ONE CENT

CHARLEROI CASTS LIGHT VOTE AT THE PRIMARIES TUESDAY

Only 611 Votes in All Polled in Borough—Republican Vote 442

KNOX HIGH MAN ON TICKET

True to predictions an extremely light vote was cast in Charleroi borough Tuesday at the primaries, the total being 611. The Republicans tallied 442 votes, and the Democrats only ran to 153. Locally there appeared to be no contests worth mentioning and the Penrose faction led.

For President on the Republican ballot Governor Brumbaugh naturally enough won support, with 103 votes. To the surprise of many a candidate appeared in the person of Henry Ford and he had a considerable following through the use of stickers. The highest vote in town was polled by Philander C. Knox for United States Senator with 402. Running him a close second for high honors were Congressman Henry W. Temple with 387 as a candidate for nomination to congress and D. M. McCloskey with 372 as a candidate for state committeemen.

In the assembly nomination contest the leader was J. Add Sprowls of Donora, with the next high men being Baker and then McPeake. Brownlee ran fourth in Charleroi.

For delegates from the district J. A. Herron of Monongahela ran high with Martin the second man.

Crago was given splendid support for congressman at large and others receiving high votes were Garland, McLaughlin and Sobel. Much interest was centered in delegate fight. The leaders were Armstrong,Babcock, Baker, Riverson. Gillespie, Johnson, Moore Oliver, Penrose, Rice, Scull and Wanamaker.

Though not a great deal was said about it the Democrats engaged in interesting contests. For member of the national committee Palmer led Liebel. Stickers were used in the assembly contest. with Joe T. S. Cowen of Roscoe, George W. Risbeck of Charleroi and E. C. Vester of Washington leading. George Clark of Charleroi was given good support but was fourth man.

In Charleroi for state committeemen Burgess S. L. Woodward won over L. M. Irwin by the tally of 82 to 59. W. H. Ecker and Clyde Hufford fought it out for county chairman, with Ecker being given a slight lead. Complete returns are given in another column.

MARY PICKFORD TO APPEAR IN GREAT CHARACTER PLAY AT COYLE

Mary Pickford is to play another engagement at the Coyle theatre tomorrow night. The last film in which this most famous actress was seen here was "Poor Little Peppina" and she made a tremendous hit. In the coming production of tomorrow "The Eternal Grind" she is again at her best. She appears as a factory girl, experiencing the hardships that usually are supposed to go with such. The cruel factory owner oppresses the heroine and her sisters and his son contributes to their misfortunes. Yet in the end the resolute girl arises above all. Miss Pickford's character delineation is remarkable. The drama is one of intense interest.

SOCIALIST, PROHIB AND THE WASHINGTON VOTES ARE LIGHT

Party That Two Years Ago Was Strong, Supporting Roosevelt, Falls Down To Eight Votes

The Socialist and Prohibition votes are extremely light in Charleroi Tuesday. In the borough there were six Prohibition votes cast and two Socialist. The Washington party, strong in its support of Roosevelt for president two years ago totaled in every precinct eight votes.

The Prohibition party suported listed candidates with the exception of alternate delegates to the national convention.

The Socialists cast their votes for the party nominees.

The Washington party voters cast their ballots for some of the same men that the Republicans voted for, though they voted on separate delegates to their national convention.

NEW EAGLE CHIEF USES MOTOR CYCLE TO CHASE LAW BREAKERS

Has Cyclometer Attached to Machine To Tally up Speed of Auto Drivers Through the Town

Chief of Police James McLaughlin New Eagle, took the number of over fifteen auto drivers who were exceeding the speed limits through the borough Sunday to make information before Burgess John N. Jenkins.

Chief McLaughlin in company with another man riding a motor cycle with a cyclometer attached followed the various machines, and in some instances the speed was 40 miles an hour. There was a continuous line of autos on this thoroughfare throughout the entire day and several persons had narrow escapes from being run over.

Burgess Jenkins has decided to stop the speeding and has stated that all known violations will be prosecuted.

BUONO TRIAL TO COME UP TODAY

Charleroi Man Accused of Murder to Answer to Charge at Washington

CHIEF ALBRIGHT IS CALLED

Chief of Police C. W. Albright is in Washington today, being called there with others in the murder case of August Buono, which is to come up. Buono is accused of the murder of Calarego Sanfillipi in a McKean avenue barber shop November 26, 1914.

Chief of Police Albright captured Buono in Indiana several weeks ago after a chase lasting since the night of the killing. He was brought here and from here taken to the county jail at Washington to await trial. Buono's defense will be stout. He is backed by a multitude of friends.

"THE DUMB GIRL OF PORTICI" AT THE MAJESTIC TOMORROW

Tomorrow with orchestral accompaniment by the Bernthaler orchestra of Pittsburg "The Dumb Girl of Portici" will be produced at the Majestic theatre and will have a reproduction on Friday. Chief interest in the remarkable drama which is adapted from a famed grand opera is that Pavlowa, the noted Rusian dancer and her Russian ballet will be starred in the film. Recently the picture was featured at the Pitt theatre in Pittsburg and it had a big run because of Pavlowo as well as its own individual merit. Manager W. S. Sweeney is anticipating big crowds for the performance.

Only Fight for Nomination Develops With Brownlee and McPeake

HERRON POLLS LARGE VOTE

Though definite figures were not available late this afternoon ,county figures showed that J. Add Sprowls of Donora, George P. Baker of Washington and George C. McPeake of Canonsburg will be the Republican nominees for assembly. Sprowls leads the assembly ticket with Baker next and McPeake third. A merry fight was waged by McPeake and T. B. Hi Brownlee of East Washington. The count shows that McPeake will win by from 250 to 300 votes. Seven precincts were lacking at about 9 o'clock.

J. A. Herron of Monongahela for district delegate to the national convention is a big winner. Apparently the so-called Penrose faction will win for delegates to the national convention. Snyder is leading for auditor general and Kephart for state treasurer.

Among the Democrats S. L. Woodward of Charleroi has 1,091 votes to L. M. Irwin's 833 for member of the state committee. W. H. Ecker wins with 1,082 votes to Hufford's 837 for county chairman. Barnum is leading Knox with 300 votes for district delegate. J. T. S. Cowen, G. W. Risbeck and E. V. Vester are assembly nominees.

FEDERAL ROAD-BUILDING

[illegible] by the senate [illegible] sure. In fact [illegible] the opinion of the Pennsylvania Sport. It establishes [illegible] of government co-operation [illegible] states in the building [illegible] and free cooperation [illegible] has already been inaugurated in more than half the states it may soon be adopted in the rest. It is the way to indirect competition with all communities throughout the country.

It provides an appropriation of $75,000,000 to be spent on post roads, contingent on an equal expenditure by the various states. The money is to be distributed over a five-year period begining with $5,000,000 made available the year ending June 30, 1917, and the amount increasing each year until 1921. Thus there is provision for gradual and natural extension of federal and state partnership. When this first experimental period is ended, a new arrangement can be made, providing for a larger appropriation if experience warrants it.

The sum now contemplated, liberal as it is in comparison with the past niggardly federal policy, is of course small compared with the needs of our vast new country, and compared with the expenditures of other countries on public highways. The average yearly sum provided for the period, $17,000,000 is less than one-fifteenth of all the money now spent on American roads—and the total, as everybody knows, is little enough.

The rights of the states are carefully safeguarded in the senate bill. Not only can no state draw money from the federal treasury without spending an equivalent amount itself, but the ratio in which federal funds are to be distributed among eligible states is determined by a fair method The funds are to be apportioned on a basis of one-third according to the area of the state, one-third according to its population and one-third according to its mileage of rural delivery routes. It is difficult to see how any state, old or new, populous or sparsely settled, can object to this arrangement.

HABIT—GOOD AND BAD

The ordinary housewife has many little domestic habits that have become almost as sacred as religious devotions. The sugar bowl must be in a certain spot on a certain shelf in the cupboard, or the whole house seems out of order. The broom must be in its corner or there will be illtemper.

They are but a few of the innumerable little habits that make up nineteenth of our lives, says the Atlantic City Press. Not an impression, not an emotion, not an opinion, not a resolution, not an action is possible to us that is not influenced colored and directed by fixed conditions within ourselves—habit.

Habits are not without their advantages. They are formed by following the lines of least resistance. When a man has once put on his left shoe before his right it is easier next time to follow the same order. His muscles and nerves have a preference for a procedure with which they have previously became acquainted. Besides, it leaves the mind free. Many a man has employed his mind mapping out his day's work while he has it is putting on his shoes.

Every habit is, of course, a limitation of the easy exercise of free will Bad habits are chains, holding us as prisoners. Good habits are like a well-made harness, enabling us to do our work in the world without friction or waste energy.

Since we are so enslaved to habits in little things, is it any wonder that we know so little of ourselves? Is it any wonder that the doctrine of fatalism has such prestige?

THE LABORATORY

To many minds the mention of a laboratory brings some hazy suggestion of flaring furnace fires and caustic signs. In the first dim morning of scientific endeavor knowledge protected itself from ignorance by a cloak of mystery. That has vanished. Science now stands close beside us every ready to aid, says the state health commissioner

In Pennsylvania, the state department of health maintains a free laboratory to aid the practitioners in rural districts and municipalities too small to maintain their own

A new platform is being built about the freight station here, and to wise ones this would seem to indicate that a much needed improvement, the erection of a new freight station will be postponed for a long time to come. But there is never any telling. Charleroi will impress the Pennsylvania Railroad some of these days as being greatly in need of a new freight depot and then it will come.

Two boys whose names could not be learned pulled Effie Harrison, the daughter of Thomas Harrison of Brownsville from quick sand in the Monongahela river Sunday. CINCINNATTI REDS AT PITTSBURG ON MAY 30

Two Games to be Played by Pirates—Hans Wagner the "Young Old Man" Of National Game at His Best—Contests to be Hard Fought

The baseball fans are anxiously awaiting the coming of the holiday, Decoration Day, which comes on May 30 and falls on Friday this year, for on that day fortunately for them the Pirates will play two games at home, morning and afternoon, at Forbes Field, against the scrappy Cincinnati Reds. Surely that's a great holiday idea for the baseball players and fans and lovers in general.

The Pittsburg club should be in great shape and in top form by that time. It will have been at home for three weeks with the exception of a three days visit to St. Louis. This home stay should put the Corsairs in first class condition and at top speed. The Buccaneers are out to win both games so as to give the fans a good run for their money. Winning home games on a holiday before home crowds is the ideal baseball conduct and the Callahan boys will play their very best and most brilliant ball to put two victories across.

Honus Wagner, who is acknowledged to be the greatest player ever connected with the grand old game of baseball, will take part in both games. Honus is batting in the remarkable style that put him in the 300 class so many years. He is in that list again this year. He is fielding in truly remarkable and magnificent style. He will prove a sensation to the fans on Memorial day for Honus is now 48 years old but he's young and not old and as good as he ever was.

The Pittsburg club for the benefit of its out-of-town patrons will continue the custom of filling mail orders for these and all the games at Forbes Field. Orders should be addressed to the Pittsburg Baseball club, 916 Farmers Bank Building, Pittsburg.

Already the Pirates and the Reds have engaged in several fierce contests. The rivalry between the two clubs is of the most intense order. Manager Callahan and the Buccaneers will be particularly anxious to win the two games so as to give the home crowds thrills and chances to exult but Manager Herzog and the Reds will fight to the very last ditch.

DESPAIRING WOMAN NOW HAPPY MOTHER

Mrs. Stephens Did Not Need The Surgical Operation.

Patoka, Ill.—"I had been married five years and my greatest desire was to become a mother. The doctor said I never would have a child unless I was operated on for female troubles and I had given up all hopes when a friend told me of Lydia E. Pinkham's Vegetable Compound. I took it regularly for sometime, and I am in better health than ever, and have a healthy baby girl. I praise your Vegetable Compound for my baby and my better health. I want all suffering women to know that it is the sure road to health and happiness."—Mrs. GEORGE STEPHENS, R. F. D. No. 3, Patoka, Ill.

Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration.

Charleroi People Give Credit Where Credit is Due.

People of Charleroi who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only and one that is backed by willing testimony of Charleroi people. Here's a case:

Mrs. Fred Jackson, 207 Prospect Avenue, Charleroi, says: "I was troubled by a constant backache. If I did a little extra work the pain in my back was intense. I didn't rest well at night and got up in the morning lame and stiff. If I stopped, sharp pains caught me and I could hardly straighten up. I also had rheumatic pains in my back and arms. I couldn't do any sweeping. Dizzy spells and hot flashes bothered me terribly. As Doan's Kidney Pills had been used in he family, I got a box at Piper Bros., Drug Store and began taking them. One box practically cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jackson had. Foster-Milburn Co., Props., Buffalo, N. Y.

Baking powders made from alum or phosphate may be bought for a trifle less than Royal Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Royal Baking Powder produces the finest food, and its use therefore, results in an actual saving.
